[Chases and Escapes: The Mathematics of Pursuit and Evasion](#)

In *Chases and Escapes*, Paul Nahin gives us the first complete history of this fascinating area of mathematics, from its classical analytical beginnings to the present day. Drawing on game theory, geometry, linear algebra, target-tracking algorithms, and much more, Nahin also offers an array of challenging puzzles with their historical background and broader applications. [Chases and Escapes: The Mathematics of Pursuit and Evasion](#)

Paul J. Nahin is professor emeritus of electrical engineering at the University of New Hampshire and the author of many best-selling popular math books, including *The Logician and the Engineer* and *Will You Be Alive 10 Years from Now?* (both Princeton).
