Criminalising Harmful Conduct addresses the issue of legitimate criminalisation in a modern liberal society. It argues that criminalisation, as one of the most intrusive state interventions into the autonomous sphere of the individual, should be limited by normative principles, defining the substance of what can be legitimately proscribed. In part, it is a comparative study between two major

[Criminalising Harmful Conduct: The Harm Principle, Its ...](#)

Dr. Nina Persak's work addresses the criteria for criminalisation - that is, the criteria that should be employed in determinations whether to prohibit conduct through the criminal law. It is explicitly normative in approach, examining what should be the proper basis for criminalisation, rather than
