Two independent short stories: Legion, which seems to exist in a separate version (see here), and The Emperor's Soul, of which there's also a separate version (see here). The latter is a stand-alone story set in Sel, the world in which Elantris: I found this volume at a recent bookshop's sale, where the owners were selling their old stock.

Anderson returns to the more familiar territory of a fantasy world for 'The Emperor's Soul' rather than the modern setting of 'Legion'. It is loosely set in the same world that as Sanderson's first novel, Elantris. For such a short work it has some very strong and believable characters. Shai is instantly likeable and sympathetic. There is also included yet another very well thought out and [working memory in sentence comprehension vasishth shravan ...](#)
