State Capitalism - Special Report by The Economist

The crisis of liberal capitalism has been rendered more serious by the rise of a potent alternative: state capitalism, which tries to meld the powers of the state with the powers of capitalism. It depends on government to pick winners and promote economic growth. But it also uses capitalist tools such as listing state-owned companies on the stockmarket and embracing globalisation. Elements of **The Political Economy of Chinese State Capitalism** form of state capitalism in emerging markets has been rendered more serious by the rise of a potent alternative: state capitalism (The Economist , January 21). To reach to a conclusion on state capitalism is rather difficult given the complexities and complications with regard to
