[Goodreads](#)

The Grendel Affair is the first installment in the SPI Files by Lisa Shearin, the author who previously wrote the Raine Benares series. Shearin's protagonist is MaKenna Fraser, a seer who is new to the group known as SPI (Supernatural Protection & Investigations). For new readers of this series like me, you probably should read Shearin's short novella called Lucky Charms which was released as part of the Night Shift Anthology.

Also, while The Grendel Affair had a fun story, it didn't feel as complex and immersive as Lisa Shearin's Raine Benares series. I do admit that things got a little convoluted when we started learning who was behind the Grendel attacks and it kind of bogged the story down.

The Grendel Affair is hilarious! I haven't laughed so much in a long time. The humor is reminiscent of the Stephanie Plum Series by Janet Evanovich.

Review: The Grendel Affair by Lisa Shearin Only fitting that the first review of 2014 is the first book I've read in 2014, don't you think? I didn't end 2013 with a bang as I wished, but so far, 2014 is already shaping up like a good year :) I guess it was lucky for me that December 31 was a Tuesday which means I had new releases for the new year.
